JAPANESE CLOSING IN

Capture Heights and Plant Artillery Overlooking Port Arthur.

RUSSIAN FLEET MAKES SORTIE

But Retreats Into Harbor When Enemy Is Encountered Outside—Stoessel Gets Report of Kin Chou Fight Through to His Chief.

London June 4.—The Rome correspondent of the Central News telegraphs.

A Tokyo dispatch to the Gornal-Dialla says that the Japanese have occupied the first line of the outer fortifications of Port Arthur after a feeble resistance.

The correspondent at Tokyo of the News Agency Libera says that four divisions of Japanese troops have occupied Kwan Tung heights on which they employed heavy artillery in attacking Port Arthur.

The same correspondent adds that the Russian squadron attempted a sortie but was forced to return to its base in the harbor.

St. Petersburg June 4.—The Russian losses in the fighting at Kin Chou are officially stated to be 1,000 men and 700 wounded.

The figures were given in General Stoessel's report which has reached the war office. It is stated that the method of its transmission is not disclosed but it is presumed it was taken by a Chinese junk to New Chwang.

Stoessel's report was written under great stress as it was rapidly perished. The account says the attack began May 21 and culminated on the evening of May 26. The fighting was practically confined to May 21 and May 26 the Japanese retiring on the two previous days.

Aid of Warships Greatly Missed—General Stoessel reports that owing to the absence of the support of warships against the Japanese artillery fire at the time of the final assault on the Russian positions at Nanshan hill during the evening of May 26, he was obliged to give the order to blow up the guns and return.

The general explains that the order was only partially executed, as the enemy's flank movements necessitated promptness in retreat which, he says, was carried out with great coolness thus accounting for the small loss of the Russian losses.

General Stoessel also says the enemy losses must have been far more than the thousands the Japanese mortality in storming Nanshan hill being 10,000 men.

General Stoessel pays a high tribute to the Russian troops and refers in terms of the warmest praise to the skill and courage displayed by General Fock, whom he recommends for the St. George's cross.

He does not mention that Fock was wounded from which the general staff assumes that the report to this effect was untrue.

As General Stoessel's report is a document which was not in General Fock's division the general staff concludes the effect that five regiments or about 12,000 men were engaged in the Russian attack.

The mills at Hsiao-hsin are being worked day and night in grinding munition wheat and there daily output is estimated at 100,000 rounds.

Reports of the Russian war office are encouraging the Japanese to plant larger crops than ever before. They are not depending on the Trans-Siberian railroad for the transportation of supplies.

Tokyo June 4.—The total of the Japanese casualties at the battle of Nanshan hill on May 26 is 4,500. The figures are divided as follows: Thirty-one officers and 713 non-commissioned officers and men killed; 100 officers and 2,400 non-commissioned officers and men wounded.

Kin Chou June 4.—The Japanese have moved a division up to Pulan-dian as a screen for their operations on the Kwan Tung peninsula and also to prevent a possible Japanese advance intended to interfere with the siege operations.

London June 4.—A dispatch from Tokyo to the Daily Express says that Field Marshal Yamagata has been appointed commander in chief of all the Japanese forces.

Japs Control Communications—Paris June 4.—A dispatch to the Temps from St. Petersburg says that it appears that the Russian staff of command of 80,000 men mobilized for the support of Port Arthur, has abandoned its project owing to the fall of Kin Chou and the landing of Japanese reinforcements.

New Chwang June 4.—Every effort on the part of the Russians is to communicate with the southern part of the Liao Tung peninsula by rail and in future. The Japanese are in control of all avenues of communication with the exception of the authorities the Russians in New Chwang are daily growing more depressed at the outlook.

An officer of high rank who has arrived here from Mukden said concerning General Kuropatkin.

He is now coming to the fact that the Japanese are worthy of praise. He declares that their recent operations prove them to be among the greatest strategists in the world, and to this must be added great daring capacity for work and ability to stand punishment.

The general did not believe this before, but now it has been demonstrated.

Russians Encourage Farmers

forces in the field. He is expected to proceed to the Liao Tung district shortly.

No further light has been thrown on the rumors concerning General Kuropatkin's intentions. Dispatches in the Morning Post from Shanghai and in the Chronicle from New Chwang support the reports of the movement of 15,000 Russians to Kuropatkin. The corresponding news asserts that five days fighting took place at Wifinguan and that the Russians are employing 4,000 carts to remove munitions from Liao Yang to between 70 miles north of Mukden.

Tientsin June 4.—The Chinese press reports that another great battle is in progress near Port Arthur. Continuous cannonading has been heard from the south. An official force of 1,000 Japanese is reported to have landed at Taku Shin.

Paris June 4.—The Echo de Paris St. Petersburg correspondent reports that the intelligence previously telegraphed that the emperor's son, Alexander, is now in the city of Port Arthur.

Mukden June 4.—For three days more have been current of severe fighting on the Liao Tung peninsula. Details are lacking, but the fact that the Chinese are holding the town of the Liao Tung is officially admitted by the Chinese.

CONFLUENCE.

Interesting Items from Somerset County's Hustling Town.

Confluence, June 3.—It seems rather queer that with as fine an electric plant as our borough owns so few, comparatively, use electric light in residences. Surely the plant could carry four or five hundred more electric lights than it now does, and it ought not to require much argument to secure more patrons if the town authorities would send a solicitor among the citizens to push the patronage. A thorough canvass ought to greatly increase the revenue of the town from this source and at the same time benefit the patrons. We respectfully suggest to the Council the wisdom of employing some one as solicitor in this matter.

Decorations Day is said to have been appropriately observed at Addison, but the Addison correspondent of The Courier seems to have only known of the ball game. Truly so. Decorations Day to be swallowed up or buried in the more important sports, to the exclusion of patriotism on such sacred occasions?

Now that the water franchise is given out what about a proper sewerage system? That is a much needed improvement that should receive early attention from our town authorities.

The Sullivan Sluggers went to Addison Monday and defeated the nine at that place by a score of 13 to 11. It took eleven innings to decide the game. Sullivan's pitching and batting was the feature of the game. He got two three-base hits and a single and had 17 strikeouts. Little saved the game in the ninth inning by a great running catch. OHIOPIYLE.

Notes from the Little Mount Main Resort Up the Yough.

Ohiopiyle, June 3.—Mrs. C. N. McCormick's class in voice culture of Confluence and Somersetfield which gave a recital in the Baptist Church at this place Thursday evening was well patronized and all present were delighted. Mrs. McCormick expects to give another recital in the near future at this place and all who fail to be present will miss a recital well worth 50 cents, the price of admission charged elsewhere for something not worth the money. Mrs. Elizabeth McNutt and Miss Ellen Jackson, daughters

of Mr. and Mrs. B. S. Jackson, are members of the class, both being excellent singers. Mrs. McNutt is also accompanist.

James Lambly was in town yesterday with a badly sawed hand as the result of coming in contact with a circular saw at a saw mill near here. His wound was dressed by Dr. H. Y. Brady. Patton Rush was a business caller in town yesterday.

Mrs. Charles Steward and family and Mrs. Mark Hall went east on train No. 48 yesterday.

Read The Daily Courier. Charles Holt was busily employed yesterday hauling goods for the different firms in and around Ohioiyle.

The Ohioiyle Juniors played an exciting nine inning game with the B. & O. surveyors, who have been camping for several months at Bidwell. The surveyors had an idle day yesterday on account of their morning camp from Bidwell to Farmington. About five miles from this place in the last half of the ninth with the Juniors to the bat the score stood 21 to 13 in favor of the surveyors they being at that time confident of victory. But the Juniors made a great batting rally and tied the score 21 to 21. The features of the game were the batting of the Juniors and their all-around playing. Three pitchers were in the box against Rafferty of the Juniors. But the surveyors did not win the game all the same.

Leave all your items in care of post office box 15 and they will soon appear in print. Help the good cause along. Matthew Williams left yesterday for Uniontown to spend a few days on business.

THE DUTIES OF BURGESS.
Somebody ought to ask Attorney
General Carson to define the author-
ity of the Burgess of a borough. It is
a matter that has been in dispute
ever since the office of Burgess was
created.

It would seem to be a common-sense
view of the matter that the Burgess
is the chief executive officer of the
borough, and as such is necessarily the
head of the machinery of government.
He is charged with the duty of keep-
ing the peace, and consequently is the
proper and the only person that
should have direct control of the po-
lice force. No matter what his pow-
ers may be in other directions, it is
plain that the law which charges him
with the duty of preserving the peace
gives into his hands sole control of
the constabulary. Yet it has been cus-
tomary for years for the Police Com-
mittee to select, employ and control
the police force, and on occasions the
police have defied the authority of the
Burgess. This anomalous condition
was the result of the impossible theory
that the police force is under the direct
charge and control of a committee of
the Town Council.

Burgesses over the State should as-
sert themselves and maintain the dig-
nity of their office. As the President
is to the Senate, so is the Burgess to
the Council, and the Burgess should
stand up for his dignity and his
rights.

The Day was hotter than the Demo-
cratic primaries.
Connellsville will contribute her por-
tion of the Hawkins monument fund.
The amount pledged is almost raised.
The public spirit of this town is never
lacking, but it has to be punched up
occasionally when it gets in a somno-
lent condition.

The Committee on Buildings and
Grounds has rescued the Carnegie
Free Library from the garbage can.

The longlost and given-up-for-dead
Dunbar boy has been discovered living
in Hopwood. No wonder he couldn't
be found. Anybody and anything could
be lost in Hopwood, except a popula-
tion.

The Prohibition State Convention
is expected to put the finishing touches
to the Democratic party in Fayette
county, so far as its rights and priv-
ileges as a minority party is concern-
ed. Election officers next year are
confidently expected to be sober and
intelligent Republicans and Prohibi-
tionists. Democrats and whiskey will

be eliminated, the returns will be
more intelligible and the contests less
frequent.

THE REMEDY
Suggested by Bella Vernon Paper for
Fish Story Liar.

The Uniontown Standard is author-
ity for the statement that two Califor-
nia men, Fairchance men in one day
caught 17 trout. Recently a similar
story was sent out by the Altoona cor-
respondent of a Philadelphia paper.
With the result that the fish warden
got after the anglers, 50 trout a day
being the limit for one man. The
story proved a fake and the enterpris-
ing correspondent was given his share
of justice. A statement that he had de-
liberately lied or else stand trial on
a charge of dissemination of false
news. It is either up to someone to
retract the Uniontown yarn or the
warden to do his duty.

DUNBAR.
Events of the Day in the Busy Fur-
nace Town.

mely engaged in the new business
here, came down from Uniontown yester-
day and was calling on friends.

wholesale house in Greensburg, was
visiting at his home here Friday.

George B. Patterson of Reading was
a recent business caller in our town.

ner were calling in Connellsville yester-
day.

very much torn up during the past
two weeks, but the workmen will
have it in shape to use tomorrow.

ain farmer, was in Dunbar yesterday
looking after business matters.

Mrs. C. H. Meyers has just returned

has a large contract of painting.

Mrs. Wesley W. Smith, of Dunbar,
has just returned from a visit to her
relatives in New York State. While
there he met his brother from

California whom he had not seen
since 1892. On his return home he
stopped off in Washington, where he
spent part of a day in viewing the
capitol building. He says that he had
a very enjoyable time and that he
would like very much to have remain-
ed longer.

Mr. Faith will leave tomorrow for
Hazelwood, where he will be the guest
of relatives for a few days.

It is thought that the parties who
robbed the fruit store of Muncie &
Marrell on Thursday night, was the
work of amateurs and not that of a
professional party.

The game of ball between the Scot-
tish High School boys and the W. A.
C's on their next field at this place
yesterday resulted in a victory for the
W. A. C's, the score being as follows:
W. A. C's, 2 0 1 1 5 2 0 2 —16
S. H. S., 1 2 0 3 1 1 0 2 —12

The ball game for the home team
were McGivern, Aris and Stroud, and
for Scotland, Millinger and Schirmer.
The playing of Aris as well as his
barring and also the hitting of McGivern
and Stroud, were the principal features
of the game. Aris succeeded in still-
ing out one out after another. The W. A.
C's expected to play the "Pleasant"
High School team some time next
week.

The push square was occupied last
night by a street taker, who was ac-
companied by two colored men who
assaulted him in furnishing ammunition
to draw the crowd.

OLD FORT NECESSITY.

Bill Introduced in Legislature at One Time for its Purchase.

A PUBLIC PARK WAS PLANNED.

T. Robb Deyarmon of Dawson Introduced Measure in 1900 for \$10,000 When He Was a Member of Assembly From Fayette.

Appropos of the proposed celebration of the 150th anniversary of the battle at Fort Necessity, it will perhaps be of interest to state that a bill was once introduced into the state legislature for a \$10,000 appropriation to purchase the site for a public park. The bill was introduced by T. Robb Deyarmon, the real estate man, while he was in the legislature. In the fog that enveloped the legislature at that time, due to the daily quibbling over the election of a U. S. senator, the bill was lost. In writing to the Pittsburg Times under date of January 22, 1900, Robert W. Herbert, a former Fayette county boy and member of The Courier staff, who was the Times representative at Harrisburg at that time, says: "Patriotism glows like a sweet-smelling vine about the bill introduced last Thursday in the lower house by T. Robb Deyarmon of Fayette county, and those good old folks who love of the revel in the early history of Western Pennsylvania will find much in the measure to approve and talk about."

"The people of Fayette county have always been proud of Fort Necessity, and few visitors to Fayette county are content to leave the community without having visited the historic spot. Fort Necessity is the site of Gen. George Washington's first battle in the French and Indian wars. The fort was necessary to Gen. Washington at that time, hence the name of the site in history it ranges in importance with Valley Forge and Fort Duquesne. The site at Valley Forge has become the property of the state, and Fort Duquesne is held in sacred memory. General Washington fought the battle at Fort Necessity on July 3, 1754. The fort and the intrenchments, which are adjacent, are thought to embrace about 50 acres of ground, located in the mountainous regions of Fayette. No special efforts have been made to preserve the fort, but no effort has been made to destroy the evidences of the early conflict there, and the intrenchments are yet distinctly marked. One purpose of the bill is to preserve as nearly as possible the site in its original condition and make of it a park or military camp. An appropriation of \$10,000 is contemplated for the purchase of the old fort and its intrenchments. Ten citizens of the state are to be appointed by the governor of the state for a term of five years as commissioners of the proposed park, who will be required to act without compensation. The commissioners are authorized to purchase the grounds and the price is to be fixed by a jury of disinterested freeholders of the county. To be eligible for the post of quarter sessions of Fayette county, Section 4 of Mr. Deyarmon's bill provides:

"That the commissioners of the said park, after they shall have secured possession of said grounds, shall adopt plans for the improvement, preservation and maintenance thereof, and shall have power to carry the same into execution, and all moneys expended shall be under their supervision, but no contract shall be made for said improvements unless an appropriation therefor shall have first been made by the legislature."

"The final section of the bill provides as follows: 'After said premises shall have, as aforesaid, passed into the possession of the commonwealth of Pennsylvania, they may at any time or times thereafter be used as a camping ground for the national guards of Pennsylvania. Whenever the governor, acting as commander-in-chief, shall direct said commissioners to open the grounds and park for the accommodation of the said guards, or any portion thereof, it shall be the duty of the commissioners to make all necessary arrangements for such camps, to provide water supply and drainage, and during such camps to relinquish to the commanding officer for the time being, all police control over and through said park and grounds. The said appropriation to be paid on the warrant of the auditor general, on settlement made by him and the state treasurer. Whenever the said bill shall direct said commissioners to open the grounds and park for the accommodation of the said guards, and the same is approved by him and the state treasurer, no money in the treasury shall be appropriated for such purposes as shall not be used for other purposes, whether specific or general, and shall revert to the state treasury at the close of the two fiscal years."
